PROXY VOTING

Who is soliciting my proxy?

The enclosed Form of Proxy is being solicited by the management of the Corporation in connection with the annual meeting of shareholders to be held on June 19, 2018 and at every adjournment thereof, and the associated costs will be borne by the Corporation. The solicitation of proxies will be made by mail and by posting the Meeting Materials on our website at www.dynacor.com/en/ and on our SEDAR profile at www.sedar.com pursuant to the notice-and-access. The solicitation of proxies may also be by telephone or other personal contact by directors of the Corporation, such directors receiving no compensation therefore. In addition, the Corporation shall, upon request, reimburse brokerage firms and other custodians for their reasonable expenses in forwarding proxies and related material to beneficial owners of shares of the Corporation.

How do I vote?

If you are a registered shareholder, you may vote in person at the Meeting or you may sign the enclosed Form of Proxy appointing the named persons or some other person you choose, who need not be a shareholder, to represent you as proxyholder and vote your shares at the Meeting. Holders of shares may also exercise their voting rights by calling the toll-free number 1-888-489-7352 or any other number indicated on the Form of Proxy or the voting instruction form. If your shares are held in the name of an intermediary, please see the box on page 4 for voting instructions.

What if I plan to attend the Meeting and vote in person?

If you are a registered shareholder and plan to attend the Meeting on June 19, 2018 and you wish to vote your shares in person at the Meeting, do not complete or return the Form of Proxy. Your vote will be

taken and counted at the Meeting. Please register with the transfer agent, AST, upon arrival at the Meeting. If your shares are held in the name of an intermediary, please see the box on page 4 for voting instructions.

What am I voting on?

Shareholders will be asked to vote on the following matters:

1. the election of directors of the Corporation for the ensuing year;
2. the appointment of auditors of the Corporation and the authorization for the directors to fix their remuneration; and
3. any such other business as may properly be brought before the Meeting or at any adjournment thereof.

Please refer below to the heading “Matters to be Acted Upon at the Meeting”.

Other than as specifically discussed below under the heading “Matters to be Acted Upon at the Meeting”, no director, executive officer or proposed nominees for directorship, or any associate or affiliate of such persons has any interest, direct or indirect, in any matter to be acted upon at the Meeting, except that such persons may be directly involved in the normal business of the Meeting or the general affairs of the Corporation.

What if I sign the Form of Proxy enclosed with this Proxy Circular?

Signing the enclosed Form of Proxy gives authority to Jean Martineau or Pierre Lépine, each of whom is a director of the Corporation, or to another person you have appointed, to vote your shares at the Meeting.

Can I appoint someone other than these directors to vote my shares?

Yes. Write the name of this person, who need not be a shareholder, in the blank space provided in the Form of Proxy. It is important to ensure that any other person you appoint is attending the Meeting and is aware that he or she has been appointed to vote your shares. Proxyholders should, upon arrival at the Meeting, present themselves to a representative of AST.

What do I do with my completed Form of Proxy?

Return it to the Corporation's transfer agent, AST, by mail at P.O. Box 721, Agincourt, Ontario, M1S 0A1, by fax to 1-866-781-3111 within Canada and the United States or 416-368-2502 outside North America, or by e-mail to proxyvote@astfinancial.com, **no later than 10:00 a.m. (Eastern Daylight Saving Time) on June 18, 2018.** This will ensure that your vote is recorded.

What is notice-and-access?

The Corporation is using the “notice-and-access” system adopted by the Canadian Securities Administrators for the delivery of the Meeting Materials through the Corporation’s website. Under the notice-and-access system, the Corporation is no longer required to send physical copies of the Meeting Materials to its shareholders for the Meeting, namely the Proxy Circular, the MD&A and the Financial Statements. Instead, the Corporation is posting electronic versions of the Meeting Materials on its website at www.dynacor.com/en/ or on the Corporation’s SEDAR profile at www.sedar.com. This is in line with

the Corporation's commitment to environmental stewardship as it will reduce the cost and environmental impact of producing and distributing paper copies of documents in very large quantities. It also provides shareholders with faster access to information about the Corporation.

The Corporation has mailed the notice of Meeting, and the Form of Proxy or voting instruction form to those shareholders who had previously been receiving a paper copy of the Meeting Materials. Shareholders have the ability to access the Meeting Materials on the Corporation's website at www.dynacor.com/en/ or on the Corporation's SEDAR profile at www.sedar.com. Shareholders may also request a paper copy of the Meeting Materials by calling AST at 1-800-387-0825 or the Corporation at 514-393-9000 or by sending an email to teoli@dynacor.com. To facilitate timely delivery in advance of the voting deadline, all requests for paper copies of the Meeting Materials must be received no later than 5:00 pm, Montréal time, on June 9, 2018.

The Corporation urges shareholders to review this Proxy Circular before voting.

If I change my mind, can I take back my proxy once I have given it?

Yes. If you change your mind and wish to revoke your proxy, prepare a written statement to this effect. The statement must be signed by you or your attorney as authorized in writing or, if the shareholder is a corporation, under its corporate seal or by an officer or attorney of the corporation duly authorized. This statement must be delivered at the above-mentioned registered office of AST, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof, and upon either of such deposits the proxy is revoked.

How will my shares be voted if I give my proxy?

The persons named on the Form of Proxy must vote for or against or withhold from voting your shares in accordance with your directions, or you can let your proxyholder decide for you. **In the absence of such directions, proxies received by management will be voted in favour of the candidates nominated for election as directors of the Board (as defined hereinafter), the appointment of the auditors and for the adoption of the other items on the agenda, as the case may be, as detailed below under the heading "Matters to be Acted Upon at the Meeting".**

What if amendments are made to these matters or if other matters are brought before the Meeting?

The persons named in the Form of Proxy will have discretionary authority with respect to amendments or variations to matters identified in the enclosed Form of Proxy and with respect to other matters which may properly come before the Meeting. As of the time of printing of this Proxy Circular, management of the Corporation knows of no such amendment, variation or other matter expected to come before the Meeting. If any other matters properly come before the Meeting, the persons named in the Form of Proxy will vote on them in accordance with their best judgment.

How many shares are entitled to vote?

As of May 4, 2018 (the "**Record Date**"), there were 39,634,344 common shares of the Corporation (the "**Common Shares**") issued and outstanding, each of which is entitled to one vote at the Meeting. Only shareholders registered at the close of business on the Record Date are entitled to receive notice of and to vote at the Meeting unless after that date a shareholder of record transfers his shares and the transferee, upon producing properly endorsed certificates evidencing such shares or otherwise establishing that he owns the shares, requests no later than 10 days before the Meeting that the transferee's name be included

on the list of shareholders entitled to vote, in which case such transferee is entitled to vote such shares at the Meeting.

Who counts the votes?

The Corporation's transfer agent, AST, counts and tabulates the proxies. This is done independently of the Corporation to preserve the confidentiality of individual shareholder votes. Proxies are referred to the Corporation only in cases where a shareholder clearly intends to communicate with management or when it is necessary to do so to meet the requirements of applicable law.

If I need to contact the transfer agent, how do I reach them?

If my shares are not registered in my name but are held in the name of an intermediary (a bank, trust Corporation, securities broker, trustee or other), how do I vote my shares?

In accordance with the requirements of *Regulation 54-101 respecting Communication with Beneficial Owners of Securities of a Reporting Issuer* of the Canadian Securities Administrators, the Corporation has elected to send the notice of Meeting, this Proxy Circular and the Form of Proxy directly to the "non-registered" shareholders (the "NOBOs"). The intermediaries are responsible for forwarding these documents to each NOBO who has objected to his intermediary disclosing ownership information about himself (the "OBO"), unless that OBO has waived the right to receive them.

There are two ways you can vote your shares held by your intermediary. As required by Canadian securities legislation, you will have received from your intermediary either a request for voting instructions or a form of proxy for the number of shares you hold. For your shares to be voted for you, please follow the voting instructions provided by your intermediary. Since the Corporation has limited access to the names of its NOBOs, if you attend the Meeting, the Corporation may have no record of your shareholdings or your entitlement to vote unless your intermediary has appointed you as proxyholder. Therefore, if you wish to vote in person at the Meeting, insert your own name in the space provided on the request for voting instructions or form of proxy and return same by following the instructions provided. Do not otherwise complete the form as your vote will be taken at the Meeting. Please register with the transfer agent, AST, upon arrival at the Meeting.

PRINCIPAL HOLDERS OF VOTING SECURITIES

To the knowledge of the directors and executive officers of the Corporation, as at the Record Date, no person beneficially owns, or controls or directs, directly or indirectly, over voting securities carrying 10% or more of the voting rights attached to all Common Shares.

CURRENCY

All currency figures in this Proxy Circular are in Canadian dollars, unless otherwise indicated.

Policy on Majority Voting

The Board believes that each of its members should carry the confidence and support of the majority of shareholders and, consequently, adopted a majority voting policy.

In the event that a nominee director receives more WITHHELD than FOR votes, then the nominee will be considered not to have received your support, even though duly elected as a matter of corporate law. Such nominee shall forthwith submit to the Board his resignation. The Board will then assess all circumstances relating to this situation and, as the case may be, will accept or refuse the resignation of the nominee.

The Board will have 90 days from the date of the Meeting to issue a press release announcing the resignation of the nominee or explaining why the resignation has not been accepted. The Board may, at its discretion, fill the vacancy created by the resignation or otherwise act in accordance with applicable laws. This policy does not apply in any case where proxy material is circulated in support of one or more nominees who are not supported by the Board.

Cease Trade Orders, Bankruptcies, Penalties or Sanctions

Except as otherwise indicated herein below, to the best of the Corporation's knowledge, after having made due inquiry, the Corporation confirms that no proposed director:

- (a) is, as at the date hereof, or has been, within 10 years before the date hereof, a director, chief executive officer or chief financial officer of any company, including the Corporation, that:
 - (i) was subject of a cease trade or similar order or an order that denied the company access to any exemption under securities legislation, for a period of more than 30 consecutive days, that was issued while that proposed director was acting in that capacity;

- (ii) was subject to an event that occurred while that person was acting in that capacity, that resulted, after the proposed director ceased to be a director, chief executive officer or chief financial officer, in the company being the subject of a cease trade or similar order or an order that denied the company access to any exemption under securities legislation, for a period of more than 30 consecutive days;
- (b) is, as at the date hereof, or has been, within 10 years before the date hereof, a director or executive officer of any company, including the Corporation, that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets;
- (c) has, within the 10 years before the date hereof, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director; and
- (d) has been subject to any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority, nor has been subject to any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable shareholder in deciding whether to vote for a proposed director.

Jean Martineau and Réjean Gourde were directors of Malaga Inc. (“**Malaga**”). In June 2013, Malaga filed a notice of intention to make a proposal pursuant to the provisions of Part III of the *Bankruptcy and Insolvency Act* (Canada). These proceedings had the effect of imposing an automatic stay of proceedings that protected Malaga and its assets from the claims of creditors and others while Malaga pursued its restructuring efforts. Malaga submitted a proposal dated October 4, 2013, to its creditors; such proposal was accepted by the creditors pursuant to a vote held on December 13, 2013 and approved by judgment of the Superior Court rendered on January 7, 2014.

2. APPOINTMENT OF AUDITORS

Shareholders are asked to vote for the appointment of Raymond Chabot Grant Thornton, LLP, as auditors of the Corporation for the current financial year to hold office until the next meeting of shareholders of the Corporation and to authorize the directors to establish the auditors’ remuneration.

Raymond Chabot Grant Thornton, LLP were initially appointed as auditors on May 3, 2011.

The persons designated in the enclosed Form of Proxy intend to vote FOR the appointment of Raymond Chabot Grant Thornton, LLP, as auditors of the Corporation for the current financial year and FOR the authorization to the directors to establish the auditors’ remuneration. The proposal requires the approval of a majority of the votes cast by the holders of Common Shares present in person or represented by proxy at the Meeting.

3. OTHER MATTERS

Management of the Corporation knows of no other matter to come before the Meeting other than those referred to in the notice of meeting. However, if any other matters which are not known to the

management should properly come before the Meeting, the accompanying Form of Proxy confers discretionary authority upon the persons named therein to vote on such matters in accordance with their best judgment.

EXECUTIVE COMPENSATION

Governance, Nomination and Compensation Committee

The Governance, Nomination and Compensation Committee (the “**Committee**”) is responsible for determining the conditions of employment and compensation of the Chief Executive Officer, making recommendations to the Board and reviewing the compensation of the other executive officers. The Board may also review from time to time other compensation issues within the Corporation in general, including the directors' compensation.

The Committee is comprised of Marc Duchesne (chairman) and Roger Demers, each of whom is independent. A description of the experience of each of such member that is relevant to his responsibilities is contained in this Proxy Circular under the heading “Matters to be Acted Upon at the Meeting – Election of Directors”. The Corporation considers that the public company board membership and management experience of the members of the Committee provide the members with appropriate experience and skills relevant to the responsibilities and ability to make decisions on the suitability of the Corporation’s compensation policy and practices. The Committee held two meetings during the financial year ended December 31, 2017.

Given the size of the Corporation and its relatively simple process to determine the compensation, neither the Committee nor the Board have considered the implications of the risks associated with the Corporation’s compensation policies and practices. Such risks, however, are mitigated by the Board’s active involvement at the strategic level of the Corporation’s businesses, including the ability of the Corporation to require reimbursement of annual and long-term incentive compensation paid to its current and former executive officers pursuant to its Clawback Policy (see section below under the heading “Incentive Compensation Clawback Policy”).

The Corporation’s policies prohibit Named Executive Officers (as defined hereafter) and directors to purchase derivative financial instruments such as forward contracts or equity swap or other financial instruments designed to hedge or offset a decrease in market value of our Common Shares.

Analysis of executive compensation

The members of the Committee want to establish a coherent remuneration package for both the directors and officers which would be comparable to the market for similar companies. As part of determining Named Executive Officers compensation, the Committee retained the services of a consultant specialized in compensation, PCI - Perrault Conseil Inc. (“**PCI**”), who submitted a report to the Committee in August 2009 and which was updated in August 2013 and in August 2015.

The conclusions of the analyses done by the Committee are summarized under “Principal Conclusions of the Compensation Study for the Directors and Officers”.

The report of the consultant refers to a comparator group comprised of mining companies. This is refined by using companies in the gold sector and when possible having operations outside of Canada with a size comparable to the Corporation. In some instances, there were exceptions to include larger companies for executive talent as well as considering the development potential of the Corporation. The compensation was compared to the companies of the first quartile.

The comparator group for the Named Executive Officers included:

Argonaut Gold Inc., Timmins Gold Corp., Orvana Minerals Corp., Banro Corporation, Gran Colombia Gold Corp., Amerigo Resources Ltd., Jaguar Mining Inc., Klondex Mines Ltd., Luna Gold Inc., Orosur Mining Inc., Caledonia Mining Corporation Plc, Great Panther Silver Limited and SilverCrest Mines Inc.

Executive Compensation-Related and Other Fees

The aggregate fees paid to PCI for services rendered during the last two financial years were \$nil in 2016 and \$1,575 in 2017. The Corporation did not retain the services of any compensation consultant in 2016 and 2017.

Objectives of executive compensation

The Board ensures that the Corporation's compensation policies effectively attract and retain highly qualified and experienced executives and directors. All aspects of the remuneration package have the objective to motivate, stimulate and retain the service of the senior executives and directors with the Corporation. To this effect, the following elements must be taken into account:

- Rules of good governance to ensure that the actions taken, in context and out of context, are perceived as being honest, fair, ethical and equitable;
- Market comparable for positions with similar roles and responsibilities;
- Specifics and differences in the roles and responsibilities of the directors and officers, if any;
- The necessity to take into account all factors of comparison that are measurable and non-measurable; and
- The limitations of using market data for comparison purposes.

In establishing and implementing policies covering base salaries, benefits, cash bonuses and stock options, the Board will continue to consider the recommendations of officers of the Corporation, but may from time to time refer to other comparable corporate situations and to the advice of independent consultants.

Base salaries are determined through analysis of salaries paid by comparable employers, as well as on the basis of individual performance as determined by the degree of achievement of business and operating goals.

The Corporation's compensation policy emphasizes competitive base salaries and bonus plan. Base salaries are set on the basis of comparative studies.

To further align the interests of management with those of the Corporation's shareholders, stock options are granted to admissible persons under the Stock Option Plan (as defined hereinafter), which is further described below under the heading "Stock Option Plan". Pursuant to the Stock Option Plan, optionees may acquire Common Shares at the fair market value on the date of the grant. The timing and number of options granted to executive directors and management are determined by the Board. Options are granted from time to time and expire up to ten years from the date of the grant. The number and terms of outstanding options are taken into account when determining whether and how many new option grants will be made. When determining individual option grants, the Board takes into consideration the job level of optionees and the level of contribution these individuals make to the Corporation's financial

performance. To achieve a balance while limiting shareholder dilution and to complement the existing Stock Option Plan, the Corporation adopted a DSU Plan (as defined hereinafter), which is further described below under the heading “Deferred Share Unit Plan”.

Incentive Compensation Clawback Policy

In November 2015, the Committee recommended, and the Board approved, a written policy on recovery of incentive compensation (the “**Clawback Policy**”) which applies to the current or former executive officers of the Corporation (the “**Covered Executive officers**”). The Clawback Policy affects any annual incentives and long-term incentives with performance based features (including bonuses, stock options, DSUs (as defined hereinafter), performance shares or other equity based compensation) (collectively, the “**Incentive Compensation**”) paid, granted, vested or accrued to Covered Executive officers after October 31, 2015.

In the event of a restatement of the reported financial or operating results of the Corporation due to material non-compliance with financial reporting requirements, the objectives of the Clawback Policy is to establish and reserve the right of the Corporation to require recovery of Incentive Compensation that would not otherwise have been paid if the correct Corporation performance data had been used to determine the amount payable.

In making its determination to seek recovery, the Committee shall consider such factors as it deems appropriate, including among other things, whether the Covered Executive officers has engaged in misconduct or negligent conduct that caused or contributed to the restatement of the Corporation’s or segment’s reported financial or operating results, and the amount of the overpayment.

The recovery period under the Clawback Policy expires at the end of the third financial year following the year for which the inaccurate performance criteria were reported.

Principal Conclusions of the Compensation Study for the Directors and Officers

The study of the external consultant on the position of the total remuneration of the Named Executive Officers, namely the Chief Executive Officer and the Chief Financial Officer established that the remuneration policy of the Corporation is below the market in regards to the Chief Executive Officer and the Chief Financial Officer. The 2018 adjustments has re-established the management salaries at comparable level with average pears market in 2015 dollars value.

Therefore, the Board has decided, for 2018, to increase the base salary of the Chief Executive Officer to \$335,000 per year, granted him \$40,000 in DSUs and established its potential bonus to 0.9% of the 2018 net income. For the compensation of the Chief Financial Officer, the Corporation has decided, for 2018, to increase its base salary to \$242,000 per year and granted him \$20,000 in DSUs, to be granted every semester.

In addition, the updated study on the remuneration of directors of the Corporation revealed that their compensation was not competitive with that offered on the market. Director’s compensation was compared to market data companies in the first quartile. A simulation of the total compensation of a director who is a member of a committee other than the Audit Committee showed a difference of about 25% compared to the market pears. The 2018 adjustment has re-established the director’s compensation at comparable level with the average pears market in 2015 dollars value.

Based on these findings, in addition to 10,000 DSUs to be received in 2018, the cash compensation of directors for 2018 will be as follows:

- a) annual retainer of \$50,000 (including \$7,500 in DSU) for the Chairman of the Board;
- b) annual retainer for non-employee directors of \$30,000 (including \$5,000 in DSU);
- c) a per-meeting fee of \$1,000 for each meeting of the Board attended in person or \$600 for each meeting attended via telephone conference.
- d) an annual retainer of \$10,000 for the Chairman of the Audit Committee;
- e) the other Audit Committee members will receive an annual retainer of \$5,000 and a per-meeting fee of \$1,000 for each meeting of the Audit Committee attended or \$600 for each meeting attended via telephone conference;
- f) an annual retainer of \$5,000 to be paid to each non-employee director serving as chairman of another committee of the Board; and
- g) all other committee members are paid an annual retainer of \$3,450, as well as a per-meeting fee of \$1,000 for each meeting of the committee of the Board attended in person, or \$400 for each meeting attended via telephone conference.

Remuneration policy for the Officers and Directors for 2017

The remuneration policy of the Corporation includes the following:

1. Group Insurance policy:

In 2010, the Corporation put in place a group insurance policy for the benefit of the Corporation's employees which includes the Chief Executive Officer and Chief Financial Officer.

2. Salary/compensation of the Chief Executive Officer and Chief Financial Officer:

In 2017, the salary of the Chief Executive Officer was increased by 21.7% from \$300,000 to \$365,000 (including \$325,000 in cash and \$40,000 in DSU) and the salary of the Chief Financial Officer was increased by 13.3% from \$225,000 to \$255,000 (including \$235,000 in cash and \$20,000 in DSU).

The Corporation is contributing to the RRSP of the Chief Executive Officer and Chief Financial Officer to an amount equal to the contribution made respectively by such executives, not to exceed 50% of the maximum annual limit prescribed by tax legislation. The Corporation's contribution can be re-evaluated in the future and increased accordingly.

4. Stock Option Plan and grant of stock options:

The Stock Option Plan has established a fixed number of stock options that can be granted. The number of stock options that can be granted corresponds to approximately 10% of the total Common Shares in circulation. This amount can be modified by the Board with the approval of the Toronto Stock Exchange (the "TSX").

The stock options may be exercised during a period determined by the Board, which may vary, but will not exceed ten years from the date of the grant. During 2017, 180,000 options were granted, all to employees other than Officers and Directors.

5. DSU Plan (as defined hereinafter):

The number of Common Shares reserved for issuance under the DSU Plan is limited to 500,000. The maximum number of Common Shares which may be reserved for issuance to insiders under

the DSU Plan and all other share compensation plans collectively shall be 10% of the Common Shares outstanding at the time of the grant (on a non-diluted basis). The maximum number of Common Shares which may be issued to insiders under the DSU Plan and all other share compensation plans collectively within a one-year period shall be 10% of the Common Shares outstanding at the time of the issuance (on a non-diluted basis). Any increase in the Common Shares reserved under the DSU Plan shall be subject to the approval of the shareholders of the Corporation in accordance with the rules of the TSX. During 2017, 82,550 DSU were granted to Directors and Officers and 24,183 DSU issued to former Directors of the Corporation were settled and accordingly 24,183 common shares were issued.

Base Salary

Base salaries are reassessed at the beginning of each financial year. The Committee makes recommendations for adjustments in the base salaries of the Named Executive Officers. The base salaries of the Named Executive Officers last year were as follows:

| Name | Title | Base Annual Salary (\$) |
|----------------|--|-------------------------|
| Jean Martineau | President and Chief Executive Officer | 365,000 (1) |
| Léonard Teoli | Vice-President and Chief Financial Officer | 255,000 (2) |

(1) Including \$40,000 in DSU;

(2) Including \$20,000 in DSU:

Properly structured base salaries enable the Corporation to attract and retain highly skilled and talented employees. The Corporation's base salary recognizes those employees who exceed expectations.

Cash bonuses

During the financial year ended on December 31, 2017, the following cash bonuses were paid to the Named Executive Officers:

| Name | Title | Cash bonuses (\$) |
|----------------|--|-------------------|
| Jean Martineau | President and Chief Executive Officer | 64,469 |
| Léonard Teoli | Vice-President and Chief Financial Officer | 54,800 |

Long-term incentive compensation

The long-term incentive compensation provides an effective retention measure of key senior executives and directors. The establishment of a balance between short and long-term compensation is essential for the Corporation's sustained performance, including its ability to attract, motivate and retain a pool of talented executives and directors in a very competitive employment market. The Corporation has two long-term compensation plans: the Stock Option Plan and the DSU Plan.

The Stock Option Plan is for key employees, directors and officers, and encourages them to acquire shares of the Corporation's share capital, which increases their interest therein, motivates them to stay with the Corporation and its subsidiaries, and gives them an added incentive to make a greater personal effort on their own behalf. The Black-Scholes calculation method is used to determine the value of the stock options at the date of grant.

The president and chief executive officer makes suggestions to the Committee concerning the granting of options. Upon review of such suggestions, the Committee makes a proposal to the Board which may in

turn approve as submitted, amend or reject the proposal. When suggestions for the grant of options are submitted, the Committee assesses the status of the reserve of stock options and the potential for dilution involved.

The DSU Plan is to promote a greater alignment of interests between directors, senior officers and shareholders of the Corporation. The DSU Plan is administered by the Board, which may grant awards from time to time to each eligible participant. Subject to the limitations set forth in the DSU Plan, the Board's authority includes: (a) determining the number of DSUs that will be awarded; (b) determining the terms and conditions of each award; and (c) specifying and approving the provisions of the payment delivered to a DSU Plan participant in connection with their account; whether it be in the form of Common Shares from treasury, Common Shares purchased on the TSX on behalf of such participants, or a combination thereof.

Pension plan and benefits

The Corporation has in place a group insurance policy for the benefit of the key employees in Canada.

The Corporation has a RRSP for the Chief Executive Officer and Chief Financial Officer. Please refer to the above heading "Remuneration policy for the Directors and Officers for 2017".

Termination and change of control

The Corporation has concluded employment agreements with the Named Executive Officers to provide a consistent and comprehensive framework of employment for each executive officer. These agreements cover the job description, obligations, aggregate compensation, as well as the clauses concerning termination of employment for cause, without cause, and in the event of a change of control. If the position of the President and Chief Executive Officer is terminated without cause or following a change of control, the Corporation will pay the President and Chief Executive Officer an amount equal to 24 months of his base salary. If the position of the Vice-President and Chief Financial Officer is terminated without cause or following a change of control, the Corporation will pay the Vice-President and Chief Financial Officer an amount equal to 12 months of his base salary.

The following table indicates the amounts that would be paid in the event that the employment of a Named Executive Officer is terminated without cause or following a change of control, as at December 31, 2017.

| Name | Title | Without Cause (\$) | Change of Control (\$) |

Stock Option Plan

On August 14, 2007, the Board approved the Stock Option Plan (the “**Stock Option Plan**”). The purpose of the Stock Option Plan is to advance the interests of the Corporation by encouraging the directors, officers, management, consultants and employees of the Corporation and its subsidiaries to acquire shares in the Corporation, thereby increasing their proprietary interest in the Corporation, encouraging them to remain associated with the Corporation and its subsidiaries and furnishing them with additional incentive in their efforts on behalf of the Corporation and its subsidiaries. Except for the DSU Plan, the Corporation has not established any other security-based compensation arrangements as of the date hereof.

Pursuant to the Stock Option Plan, options may be granted in favour of directors, officers, employees and consultants providing ongoing services to the Corporation.

The options granted under the Stock Option Plan, shall be exercised within a period of time fixed by the Board, not to exceed 10 years from the date the option is granted (the “**Option Period**”). The options shall vest and may be exercised during the Option Period in such manner as the Board may fix by resolution. The options which have vested may be exercised in whole or in part at any time and from time to time during the Option Period. No option may be exercised unless the participant is at the time of such exercise a director, officer, manager, consultant or employee of the Corporation or a subsidiary, except in the case of a consultant, where the option has been granted for a specific service, the option may be exercised only upon completion of that service.

The options granted to the directors may be exercised at the time they are granted.

The following table shows, as of May 9, 2018, aggregated information for the Corporation's Stock Option Plan, which is one of the two compensation plans under which equity securities of the Corporation are authorized for issuance.

Equity Compensation Plan Information

| Plan Category | Number of Common Shares to be Issued Upon Exercise of Outstanding Options | Weighted Average Exercise Price of Outstanding Options | Number of Common Shares Remaining Available for Future Issuance Under the Plan |
|--|---|--|--|
| Equity compensation plan of the Corporation approved by the shareholders | 1,512,500 | \$1.65 | 1,023,750 |
| Equity compensation plan not approved by the Shareholders | N/A | N/A | N/A |

Further to an amendment to the Stock Option Plan approved by the Board on June 17, 2011, the aggregate number of Common Shares to be delivered upon the exercise of all options granted under the Stock Option Plan was increased by 500,000 to be established at 3,500,000 and 1,000,000 options already granted and exercised were replenished. Further to a second amendment to the Stock Option Plan approved by the Board on August 12, 2013, 800,000 options already granted and exercised were replenished. Further to a third amendment to the Stock Option Plan approved by the Board on May 11, 2017, 920,000 options already granted and exercised were replenished.

As at May 9, 2018, the total number of Common Shares reserved for issuance under the Stock Option Plan was 3,500,000 (8.8% of the total number of the then Common Shares issued and outstanding). Such

options had an exercise price ranging from \$0.27 to \$2.36 per share and an expiry date between June 2018 and March 2025.

To ensure that the Stock Option Plan complies with the rules of the TSX, a provision of the Stock Option Plan states as follows:

- (a) The number of shares which may be issued to insiders under all security based compensation arrangements may not exceed 10% of the total number of issued and outstanding Common Shares; and
- (b) The number of shares issued to insiders under all security based compensation arrangements during any one-year period may not exceed 10% of the total number of issued and outstanding Common Shares.

The number of shares subject to an option granted to a participant under the Stock Option Plan shall be determined in the resolution of the Board and no participant shall be granted an option which exceeds 5% of the issued and outstanding Common Shares at the time of granting of the option.

The exercise price of the options granted under the Stock Option Plan will be established by the Board subject to the rules of the regulatory authorities having jurisdiction over the securities of the Corporation. The exercise price at the time of the grant of the options shall not be less than the closing market price of the Common Shares listed on the TSX on the day prior to their grant.

If a participant to the Stock Options Plan shall cease to be a director, officer, manager, consultant or employee of the Corporation or a subsidiary for any reason (other than disability, retirement with the consent of the Corporation or death), the options granted to such participant may be exercised in whole or in part by the participant during a period commencing on the date of such cessation and ending 90 days thereafter or on the expiry date, whichever comes first. If a participant to the Stock Option Plan shall cease to be a director, officer, manager, consultant or employee of the Corporation or a subsidiary by reason of disability or retirement with the consent of the Corporation, the options granted to such participant may be exercised in whole or in part by the participant, during a period commencing on the date of such termination and ending one year thereafter or on the expiry date, whichever comes first.

All benefits, rights and options accruing to any participant in accordance with the terms and conditions of the Stock Option Plan shall not be transferable. All options and such benefits and rights may only be exercised by the participant or eligible employee.

The Board may, without the approval of the shareholders of the Corporation but subject to receipt of requisite approval from the TSX, in its sole discretion make the following amendments to the Stock Option Plan:

- (a) any amendment of a housekeeping nature;
- (b) a change to the vesting provisions of an option or the Stock Option Plan;
- (c) a change to the termination provisions of an option or the Stock Option Plan which does not entail an extension beyond the original expiry date; and
- (d) the addition of cashless exercise feature, payable in cash or securities, which provides for a full deduction of the number of underlying securities from the Stock Option Plan reserve.

The Board may, with the requisite approval from the TSX and the shareholders shall be required for any of the following amendments to be made to the Stock Option Plan:

- (a) any amendment to the number of shares issuable under the Stock Option Plan, including an increase in the fixed maximum number of shares or a change from a fixed maximum number of shares to a fixed maximum percentage. A change to a fixed maximum percentage which was previously approved by shareholders will not require additional shareholder approval;
- (b) a reduction in the option price (other than for standard anti-dilution purposes) held by or benefiting an insider;
- (c) an increase in the maximum number of shares that may be issued to insiders within any one year period or that are issuable to insiders at any time;
- (d) an extension of the term of an option held by or benefiting an insider;
- (e) any change to the definition of "Participant" included in the Stock Option Plan which would have the potential of broadening or increasing insider participation;
- (f) the addition of any form of financial assistance;
- (g) any amendment to a financial assistance provision which is more favourable to optionees;
- (h) the addition of a cashless exercise feature, payable in cash or securities, which does not provide for a full deduction of the number of underlying securities from the Stock Option Plan reserve;
- (i) the addition of a deferred or restricted share unit or any other provision which results in optionees receiving securities while no cash consideration is received by the Corporation; and
- (j) any other amendments that may lead to significant or unreasonable dilution in the Corporation's outstanding securities or may provide additional benefits to the participants of the Stock Option Plan, especially insiders, at the expense of the Corporation and its existing shareholders.

Under the Stock Option Plan, in the event that the outstanding shares of the Corporation are changed into or exchanged for a different number of kind of shares or other securities of the Corporation, or in the event that there is a reorganization, amalgamation, consolidation, subdivision, reclassification, dividend payable in capital stock or other change in capital stock of the Corporation, then each participant holding an option shall thereafter upon the exercise of the option granted to him, be entitled to receive, in lieu of the number of shares to which the participant was theretofore entitled upon such exercise, the kind and amount of shares or other securities or property which the participant would have been entitled to receive as a result of any such event if, on the effective date thereof, the participant had been the holder of the shares to which he was theretofore entitled upon such exercise.

In the event the Corporation proposes to amalgamate, merge or consolidate with any other Corporation (other than with a wholly-owned subsidiary of the Corporation) or to liquidate, dissolve or wind-up, or in the event an offer to purchase the shares of the Corporation or any part thereof shall be made to all holders of shares of the Corporation, the Corporation shall have the right, upon written notice thereof to each participant, to require the exercise of the option granted pursuant to the Stock Option Plan within the 30 day period next following the date of such notice and to determine that upon such 30 day period, all rights of the participant to exercise same (to the extent not theretofore exercised) shall ipso facto terminate and cease to have any further force or effect whatsoever.

Under the Stock Option Plan, in the event that the term of an option expires during such period of time during which insiders are prohibited from trading in shares as provided by the Corporation's insider trading policy, as it may be implemented and amended from time to time (the "**Blackout Period**") or within 10 business days thereafter, the option shall expire on the date that is 10 business days following the Blackout Period.

Deferred Share Unit Plan

The Corporation's deferred share unit plan (the "**DSU Plan**") adopted by the Board in May 2015 was established to enhance the Corporation's ability to attract and retain talented individuals to serve as members of the Board or as officers of the Corporation and its subsidiaries and to promote for greater alignment of interests between such persons and the shareholders of the Corporation.

Deferred share units ("**DSUs**") are units that are credited to an eligible participant's account, the value of which, on a particular date, shall be equal to the fair market value of a Common Share for such date. The fair market value for a particular date is deemed to be the volume weighted average trading price of the Common Share on the TSX on the five trading days prior to such date. Under no circumstances shall DSUs be considered Common Shares nor shall they entitle any participant to exercise voting rights or any other rights attaching to the ownership or control of common shares, including, without limitation, rights on liquidation, nor shall any participant be considered the owner of any Common Shares to be delivered under the DSU Plan until the date of purchase or issuance of such Common Shares, as elected by the Board. The DSUs are then credited to the participant's account on the award date, unless a vesting schedule or performance criteria has been approved by the Board at its discretion.

The DSUs will be redeemed by a participant on up to two dates elected by such participant which are at least 60 days following the separation date or no later than December 15 of the calendar year following the calendar year in which the separation date occurs. The separation date is the earliest date on which all three of the following conditions are satisfied: (i) the participant ceases to be a director or senior officer of the Corporation for any reason other than death; (ii) the participant is neither a director nor a senior officer of the Corporation; and (iii) the participant is no longer employed by the Corporation in any capacity.

In the event of the death of a participant, the Corporation will pay the DSUs credited to such participant's account within 15 days of the participant's death or by the last day of the calendar year commencing immediately after the participant's separation date if earlier, in each case to or for the benefit of the beneficiary of the participant. If the Participant filed an election of a redemption date prior to his death, the payment of the participant's DSUs shall be made within 15 days of the participant's elected redemption date.

The Board may, in its absolute discretion, elect one or any combination of the following payment methods for the DSUs credited to a participant's account on the participant's termination date: (a) issuing Common Shares to the participant or the participant's beneficiary, as the case may be; or (b) causing a broker to purchase shares on the TSX for the account of the participant or the participant's beneficiary, as the case may be.

The number of Common Shares which are reserved for issuance under the DSU Plan is limited to 500,000. The maximum number of Common Shares which may be reserved for issuance to insiders under the DSU Plan and all other share compensation plans collectively shall be 10% of the Common Shares outstanding at the time of the grant (on a non-diluted basis). The maximum number of Common Shares which may be issued to insiders under the DSU Plan and all other share compensation plans collectively

within a one-year period shall be 10% of the Common Shares outstanding at the time of the issuance (on a non-diluted basis). Any increase in the Common Shares reserved under the DSU Plan shall be subject to the approval of the shareholders of the Corporation in accordance with the rules of the TSX.

Where common shares are purchased on the TSX to be delivered to the participant, the Corporation will remit, in cash, to a broker, the product of (a) the number of DSUs credited to the participant's account as at the termination date which the participant has elected to have redeemed and (b) the fair market value on the redemption date, net of applicable withholding taxes, for the purpose of purchasing Common Shares on the TSX for the account of the participant. Common Shares purchased by the broker and any cash remaining from the amount remitted by the Corporation to purchase Common Shares shall then be delivered to the participant.

The DSU Plan may be amended, suspended or terminated in whole or in part at any time and for any reason by the Board, without prior notice to or approval by any participants or shareholders of the Corporation, provided that no such amendment, suspension or termination shall (i) unless required by law, adversely affect the rights of any participant with respect to DSUs to which the Participant is then entitled under the DSU Plan without the consent of the affected participant; or (ii) contravene applicable laws or regulations.

Shareholder approval will be required in the case of: (i) any amendment to the number of shares reserved for issuance under the DSU Plan; (ii) any amendment to the eligibility requirements for participating in the DSU Plan, where such amendment would have the potential of broadening or increasing the participation of insiders of the Corporation; (iii) the extension of any right of a participant under the DSU Plan beyond the date on which such right would originally have expired; and (iv) any amendment to the list of amendments requiring shareholders' approval.

In the event of any reorganization of the Corporation, the DSU Plan will be deemed to have been amended and the Board shall take all necessary action so as to make all necessary adjustments in the number and kind of securities subject to any DSUs outstanding at the time of such reorganization and the exercise price thereof.

The rights or interests of a participant under the DSU Plan, including the DSUs, shall not be assignable or transferable, otherwise than in case of death, and such rights or interests shall not be encumbered by any means.

As of May 9, 2018, 160,025 DSUs were earned and outstanding.

The burn rate is calculated by dividing the number of awards granted under the relevant plan during the relevant fiscal year by the weighted average number of securities outstanding for the applicable fiscal year.

| | Fiscal Year ended December 31, 2017 | Fiscal Year ended December 31, 2016 | Fiscal Year ended December 31, 2015 |
|--|--|--|--|
| Annual Burn Rate of the Stock Option Plan | 0.46% | 0% | 1.68% |

PERFORMANCE GRAPH

The following performance graph shows a comparison between the cumulative return for a shareholder, assuming an investment of \$100 was made December 31, 2013 and the total cumulative return of the S&P/TSX Composite Index for the same period.

Investment of \$100 on December 31, 2013 Dynacor Gold Mines Inc. – S&P/TSX

| | Dec. 31, 2013 | Dec. 31, 2014 | Dec. 31, 2015 | Dec. 31, 2016 | Dec. 31, 2017 |
|-------------------------|---------------|---------------|---------------|---------------|---------------|
| Dynacor Gold Mines Inc. | \$100.00 | \$90.50 | \$105.59 | \$139.11 | \$92.73 |
| S&P/TSX Composite Index | \$100.00 | \$107.42 | \$95.51 | \$112.23 | \$122.95 |

There is no direct correlation between the trend of the Corporation's stock performance evidenced by the table above and the Corporation's compensation to executive officers over the period of reference. The stock prices of mining corporations are very volatile and subject to market conditions.

Rather than being based on the performance of the Corporation's stock price and although the performance of the Corporation's stock price over the last five completed financial years has significantly exceeded the performance of the S&P/TSX Composite Index, the trend of the Corporation's compensation to executive officers has evolved positively to reflect the achievement of important projects to the Corporation and the Corporation's financial and operational performance.

During the financial year ended December 31, 2017, none of the directors, executive officers or employees, or former directors, executive officers or employees of the Corporation or any of its subsidiaries, nor any proposed director or the Corporation or affiliate or associate of the foregoing, was indebted to the Corporation nor has the Corporation guaranteed or otherwise supported any indebtedness of any of the said parties during that period.

If the issuer has not adopted director term limits or other mechanisms of board renewal, disclose why it has not done so.

It is proposed that each of the persons elected as a director at the Meeting will serve until the close of the next annual meeting of the Corporation or until their respective successor is elected or appointed. The Board did not deem appropriate to adopt term limits for the mandates of its members as the Board believes that the renewal of a member's mandate is neither a matter of age nor the number of years the director has served on the board, but rather the director's contribution to the orientation, management, development, growth and profitability of the Corporation, in keeping with the highest standards of integrity.

11. Policies Regarding the Representation of Women on the Board

(a) Disclose whether the issuer has adopted a written policy relating to the identification and nomination of women directors. If the issuer has not adopted such a policy, disclose why it has not done so.

The Corporation has not adopted a written policy specifically relating to the identification and nomination of women directors, as the Corporation is not in a position to predict with assurance the Board's future turnover rate and needs in relation thereto. One woman currently sits on the Board; the Board is willing to increase the number of women directors on its Board as new positions are opened up. However, all the candidates must meet the leadership criteria, have the necessary skills and meet the independence criteria that the Board has fixed in order to contribute to the development of the Corporation.

(b) If an issuer has adopted a policy referred to in (a), disclose the following in respect of the policy:

N/A

(i) a short summary of its objectives and key provisions,

N/A

(ii) the measures taken to ensure that the policy has been effectively implemented,

N/A

(iii) annual and cumulative progress by the issuer in achieving the objectives of the policy, and

12. Consideration of the Representation of Women in the Director Identification and Selection Process

Disclose whether and, if so, how the board or nominating committee considers the level of representation of women on the board in identifying and nominating candidates for election or re-election to the board. If the issuer does not consider the level of representation of women on the board in identifying and nominating candidates for election or re-election to the board, disclose the issuer's reasons for not doing so.

In identifying and nominating candidates for election or re-election to the Board, the Board considers a number of factors, including the level of representation of women, to contribute to diversity within the Board. All nominations for a directorship will always be based on the expertise of the candidate, the needs of the Board and the Corporation at a given moment in time.

13. Consideration Given to the Representation of Women in Executive Officer Appointments

Disclose whether and, if so, how the issuer considers the level of representation of women in executive officer positions when making executive officer appointments. If the issuer does not consider the level of representation of women in executive officer positions when making executive officer appointments, disclose the issuer's reasons for not doing so.

The Corporation does consider the level of representation of women in executive officer positions in the context of new appointments by taking into consideration candidates' skills, functional experience, background, personal qualities and knowledge desired at that particular time.

14. Issuer's Targets Regarding the Representation of Women on the Board and in Executive Officer Positions

(a) For purposes of this item, a "target" means a number or percentage, or a range of numbers or percentages, adopted by the issuer of women on the issuer's board or in executive officer positions of the issuer by a specific date.

(b) Disclose whether the issuer has adopted a target regarding women on the issuer's board. If the issuer has not adopted a target, disclose why it has not done so.

The Corporation has not established a target regarding the representation of women on the Board, as the Corporation has determined that appropriate skills and experience must remain the primary criteria for nomination to the Board, and to guard against any perception that directors may have been nominated solely or primarily on the basis of gender.

The Corporation's Practices

(c) Disclose whether the issuer has adopted a target regarding women in executive officer positions of the issuer. If the issuer has not adopted a target, disclose why it has not done so.

The Corporation has not settled a target regarding the representation of women in executive officer positions. Given to the small size of its executive team, the Corporation believes that implementing targets would not be beneficial to its interests at this time.

(d) If the issuer has adopted a target referred to in either (b) or (c), disclose:

(i) the target, and

N/A

(ii) the annual and cumulative progress of the issuer in achieving the target.

N/A

15. Number of Women on the Board and in Executive Officer Positions

(a) Disclose the number and proportion (in percentage terms) of directors on the issuer's board who are women.

There is currently one woman acting as director of the Corporation, being 14.2% of the total.

(b) Disclose the number and proportion (in percentage terms) of executive officers of the issuer, including all major subsidiaries of the issuer, who are women.

There is currently no woman holding executive officer positions.
