Corporate Presentation

(February 2023)

“Without a doubt, Dynacor's employees are the foundation of the company's continued growth over its 26-year history.” Jean Martineau, President and CEO

Caution Regarding Forward Looking Statements

- This presentation contains certain forward-looking statements regarding operational information, future exploration and development plans and anticipated future production. Words such as, “potential”, “building”, “inferred”, “if”, “will”, “expect”, “forecast”, “estimate”, “consider”, “may”, “possible” and similar expressions have been used to identify these forward-looking statements. These statements are management’s current beliefs and are based on information currently available to management.
- Forward-looking statements involve significant risk and uncertainties. A number of factors could cause actual results to differ materially from the results discussed in the forward-looking statements including, but not limited to, changes in general economic, political and market conditions and other risk factors. Although the forward-looking statements contained herein are based upon what management believes to be reasonable assumptions, management cannot assure that actual results will be consistent with these forward-looking statements. Investors should not place undue reliance in forward-looking statements.
- Forward-looking statements and other information contained herein concerning the metals and mining industry and Dynacor’s general expectations concerning the industry are based on estimates prepared by management. Management uses data from publicly available industry sources as well as from private sources, industry analysis and on assumptions based on data and knowledge of the industry which the Company believes to be reasonable. However, this data is inherently imprecise. While Dynacor is not aware of any misstatements regarding any industry data presented herein, the industry involves risks and uncertainties and is subject to change based on various factors. There is no certainty the projections will be met.

*Cash on hand as of Q3-2022 report

3-5 Year Growth Strategy

At least 4 ore processing plants operating around the world

Yearly Gold Production (equivalent ounces)

Our Sustainability Goals

SDG 1:

NO POVERTY: We contribute to improving the quality of life of local populations by providing jobs in rural areas.

SDG 3:

GOOD HEALTH AND WELL-BEING: We are committed to ensuring the health and well-being of our employees. For this reason, we implement health programs and campaigns for our employees and provide support to the communities around our operations.

SDG 4:

QUALITY EDUCATION: We allocate resources to improve the infrastructure and implementation of equipment and materials in educational institutions, thereby contributing to a better quality of education.

SDG 5:

GENDER EQUALITY: We are committed to gender equality because it is a fundamental human right and because it is an essential foundation for building a peaceful, prosperous and sustainable world.

SDG 6:

CLEAN WATER AND SANITATION: Our contribution here is the implementation of integrated water resources management in our operation to preserve water quality, and wastewater treatment, recycling and reutilization technologies.

SDG 7:

AFFORDABLE AND CLEAN ENERGY: We focus on energy efficiency management. We are continually evaluating projects that will allow us to reduce the energy consumption generated by fossil fuels. We also plan to implement the use of renewable energies.

SDG 8:

DECENT WORK AND ECONOMIC GROWTH: To guarantee compliance with all the employees' human and employment rights, avoiding discrimination, forced labor, and child and teen labor in our operation and the value chain, we have aligned ourselves with national and international standards.

SDG 9:

INDUSTRY, INNOVATION AND INFRASTRUCTURE: We invest in improving infrastructure, which is the engine of growth and economic development, and information and communications technologies.

SDG 10:

REDUCED INEQUALITY: With our social investment, we hope to reduce inequalities, especially among vulnerable populations.

SDG 11:

SUSTAINABLE CITIES AND COMMUNITIES: We seek harmonious relations with the communities around us through proper management of natural resources and treatment of waste generated in our operation.

SDG 12:

RESPONSIBLE CONSUMPTION AND PRODUCTION: We are constantly looking to implement improvements in the traceability of gold, from the purchase of the ore to its exportation.

SDG 13:

CLIMATE ACTION: We continuously measure carbon dioxide (CO2) and other greenhouse gas emissions for proper environmental management and implementation of technologies because we are aware of the impact on climate change.

SDG 15:

LIFE ON LAND: Our environmental management prioritizes actions for the conservation and sustainable use of land ecosystems. We carry out monitoring to prevent the loss of biological diversity.

SDG 16:

PEACE AND JUSTICE STRONG INSTITUTIONS: We are committed to strengthening the management of our company through anti-corruption programs, transparency policies and a code of conduct.

A Proven Leader in Corporate Social Responsibility

- Funding, participating and developing the ASM's (artisanal small-scale mining) communities' education, health and social services through our PX IMPACT® certified clean gold program
- The impact of Dynacor's activities and the well-being of artisanal mining communities are at the heart of our social responsibility awareness. It is important that our actions have a positive economic and social impact on the communities in which we operate
